In the same order, pursuant to 18 U.S.C. § 2705(b), this Court also directed the Provider not to notify any person of the existence of the court order for a period of 120 days. (*Id.*) On May 4, 2020, the Court ordered an extension of the non-disclosure order for another 120 days. (*Id.*) On August 20, 2020, the Court ordered a further extension of the non-disclosure order for 180 days. (*Id.*). On February 11, 2021, the Court ordered a further extension of the non-disclosure order for 180 days. (*Id.*). On August 2, 2021, the Court ordered a further extension of the non-disclosure order for 180 days. (*Id.*). That order is set to expire on January 29, 2022.

This Court has authority under 18 U.S.C. § 2705(b) to issue "an order commanding a provider of electronic communications service or remote computing service to whom a warrant, subpoena, or court order is directed, for such period as the court deems appropriate, not to notify any other person of the existence of the warrant, subpoena, or court order."

FACTUAL BACKGROUND

The attached order was issued to obtain records relevant to an ongoing criminal investigation of possible violations of 18 U.S.C. §§ 1347 (Health Care Fraud). The targets of the investigation have billed the Department of Veterans Affairs for several million dollars' worth of supplies that, based on the investigation, it is believed were not provided to the beneficiary. The records obtained have helped the government identify targets of the investigation and identify additional sources of records relevant to the investigation.

ANALYSIS

A nondisclosure order is appropriate here because the attached order relates to an ongoing criminal investigation that is neither public nor known to the target of the investigation, and its disclosure would very likely alert the target or unknown coconspirators to the ongoing investigation of the target's continuing criminal activity. Subsequent to

obtaining the records sought through the attached order, the government also obtained a search warrant for the subject account on March 2, 2020. (*See* 2:20-mj-00151-EJY). Along with the search warrant, the Court signed an order precluding the Provider from providing notice to the subscriber of the account for a period of 180 days. The Government is also seeking a renewal of the non-disclosure order in that matter for a period of 180 days. The targets remain unaware of the investigation. Renewal of the attached order for a period of 180 days is appropriate here in order not to disclose the ongoing investigation to the target of the investigation.

Some of the evidence in this investigation is stored electronically. Although the evidence sought from the Provider here may not be susceptible to destruction directly by the target, other evidence that will most likely come to light during the course of the investigation, such as evidence stored electronically in the target's email accounts, social media accounts, home and work computers, and in other locations, may be destroyed by the targets if they were to learn via notification of this order that they are targets of an ongoing federal criminal investigation. If alerted to the investigation, the targets under investigation and any unknown coconspirators could destroy that evidence and seriously jeopardize the efficacy of the investigation. Based on the facts above, there is reason to believe that notification of the existence of the attached order would seriously jeopardize the investigation, including by giving targets an opportunity to flee, destroy or tamper with evidence, or notify confederates. See 18 U.S.C. § 2705(b)(2), (3), (5).

CONCLUSION

For the reasons above, the Government respectfully requests that the Court grant the attached order directing the Provider not to disclose the existence or content of the attached order for an additional 180 days, or until further order of the Court, except that the Provider

may disclose the attached subpoenas to an attorney for the Provider for the purpose of receiving legal advice. The Government further requests that the Court order that this Application and any resulting orders be sealed until further order of the Court. As explained above, these documents discuss an ongoing criminal investigation that is neither public nor known to all of the target of the investigation. Accordingly, there is good cause to seal these documents because their premature disclosure may seriously jeopardize that investigation. DATED this 26th day of January, 2022. UNITED STATES DISTRICT COURT DISTRICT OF NEVADA

IN THE MATTER OF THE
APPLICATION OF THE UNITED
STATES OF AMERICA FOR AN ORDER

PURSUANT TO 18 U.S.C. § 2703(d)

Case No. 2:20-mj-0014-DJA

ORDER

(Under Seal)

The United States has submitted an application pursuant to 18 U.S.C. § 2705(b), requesting that the Court issue an Order commanding Microsoft Corporation (the Provider), an electronic communication service provider and/or a remote computing service, not to notify any person (including the subscribers and customers of the account listed in the Order) of the existence of the attached Order for a period of 180 days. Previously, on January 10, 2020, pursuant to 18 U.S.C. § 2705(b), in the attached order the Court directed the Provider not to notify any person of the existence of the Order for a period of 120 days. The Court's Order was renewed on or about May 4, 2020, for an additional 120 days, on August 20, 2020 for an additional 180 days, on February 11, 2021 for an additional 180 days, and on August 2, 2021 for an additional 180 days.

The Court determines that there is reason to believe that notification of the existence of this Order will seriously jeopardize the ongoing investigation, including by giving targets an opportunity to flee or continue flight from prosecution, destroy or tamper with evidence, change patterns of behavior, or notify confederates. See 18 U.S.C. § 2705(b)(2), (3), (5).

IT IS ORDERED under 18 U.S.C. § 2705(b) that Microsoft Corporation shall not disclose the existence of the application of the United States, or the existence of this Order of the Court, to the subscriber(s) of the account listed in Attachment A to the order or to any other person for an additional 180 days from the date of this Order, unless and until

otherwise authorized to do so by the Court, except that Microsoft Corporation may disclose this Order to its attorney for the purpose of receiving legal advice. IT IS FURTHER ORDERED that the application and this Order are sealed until otherwise ordered by the Court. This $\underline{^{27}}^{th}$ day of January, 2022. HONORABLE DANIEL J. The United States has submitted an application pursuant to 18 U.S.C. § 2705(b), requesting that the Court issue an Order commanding Microsoft Corporation (the Provider), an electronic communication service provider and/or a remote computing service, not to notify any person (including the subscribers and customers of the account listed in the Order

of the existence of the attached Order for a period of 180 days. Previously, on January 10,

2020, pursuant to 18 U.S.C. § 2705(b), in the attached order the Court directed the Provider

not to notify any person of the existence of the Order for a period of 120 days. The Court's

Order was renewed on or about May 4, 2020, for an additional 120 days.

The Court determines that there is reason to believe that notification of the existence of this Order will seriously jeopardize the ongoing investigation, including by giving targets an opportunity to flee or continue flight from prosecution, destroy or tamper with evidence, change patterns of behavior, or notify confederates. See 18 U.S.C. § 2705(b)(2), (3), (5).

IT IS ORDERED under 18 U.S.C. § 2705(b) that Microsoft Corporation shall not disclose the existence of the application of the United States, or the existence of this Order of the Court, to the subscriber(s) of the account listed in Attachment A to the order or to any other person for an additional 180 days from the date of this Order, unless and until

24

otherwise authorized to do so by the Court, except that Microsoft Corporation may disclose this Order to its attorney for the purpose of receiving legal advice.

IT IS FURTHER ORDERED that the application and this Order are sealed until otherwise ordered by the Court.

2020, which required the Providers to disclose certain records and information to the Government regarding the subscribers of their service. In the same order, pursuant to 18 U.S.C. § 2705(b), this Court also directed the Provider not to notify any person of the existence of the court order for a period of 120 days.

This Court has authority under 18 U.S.C. § 2705(b) to issue "an order commanding a provider of electronic communications service or remote computing service to whom a warrant, subpoena, or court order is directed, for such period as the court deems appropriate, not to notify any other person of the existence of the warrant, subpoena, or court order."

FACTUAL BACKGROUND

The attached order was issued to obtain records relevant to an ongoing criminal investigation of possible violations of 18 U.S.C. §§ 1347 (Health Care Fraud). The targets of the investigation have billed the Department of Veterans Affairs for several million dollars' worth of supplies that, based on the investigation, it is believed were not provided to the beneficiary. The records obtained have helped the government identify targets of the investigation and additional methods of investigation.

ANALYSIS

A nondisclosure order is appropriate here because the attached order relates to an ongoing criminal investigation that is neither public nor known to the target of the investigation, and its disclosure would very likely alert the target or unknown coconspirators to the ongoing investigation of the target's continuing criminal activity. Subsequent to obtaining the records sought through the attached order, the government also obtained a search warrant for the subject account on March 2, 2020. (See 2:20-mj-00151-EJY). Along with the search warrant, the Court signed an order precluding the Provider from providing notice to the subscriber of the account for a period of 180 days, thus, the targets remain

unaware of the investigation. Renewal of the attached order for a period of 120 days is appropriate here in order not to disclose the ongoing investigation to the target of the investigation.

Some of the evidence in this investigation is stored electronically. Although the evidence sought from the Provider here may not be susceptible to destruction directly by the target, other evidence that will most likely come to light during the course of the investigation, such as evidence stored electronically in the target's email accounts, social media accounts, home and work computers, and in other locations, may be destroyed by the targets if they were to learn via notification of this order that they are targets of an ongoing federal criminal investigation. If alerted to the investigation, the targets under investigation and any unknown coconspirators could destroy that evidence and seriously jeopardize the efficacy of the investigation. Based on the facts above, there is reason to believe that notification of the existence of the attached order would seriously jeopardize the investigation, including by giving targets an opportunity to flee, destroy or tamper with evidence, or notify confederates. See 18 U.S.C. § 2705(b)(2), (3), (5).

CONCLUSION

For the reasons above, the Government respectfully requests that the Court grant the attached order directing the Provider not to disclose the existence or content of the attached order for an additional 120 days, or until further order of the Court, except that the Provider may disclose the attached subpoenas to an attorney for the Provider for the purpose of receiving legal advice.

The Government further requests that the Court order that this Application and any resulting orders be sealed until further order of the Court. As explained above, these documents discuss an ongoing criminal investigation that is neither public nor known to all

of the target of the investigation. Accordingly, there is good cause to seal these documents because their premature disclosure may seriously jeopardize that investigation. Case No. 2:20-mj-00014-DJA

APPLICATION OF THE UNITED STATES FOR AN ORDER PURSUANT TO 18 U.S.C. § 2703(d)

(Under Seal)

The United States of America respectfully submits under seal this ex parte application for an Order pursuant to 18 U.S.C. § 2703(d). The proposed Order would require Microsoft Corporation ("Microsoft" or "the Provider"), an email service provider located in Redmond, Washington, to disclose certain records pertaining to the email address TMS.INC@HOTMAIL.COM (the "SUBJECT ACCOUNT") for the period from January 1, 2018 to the present, as described in Attachment A.

The records and other information to be disclosed are described in Part II of

Attachment A to the proposed Order. The government further requests that the Court issue
a non-disclosure order and seal this application and any resulting order because disclosure

could interfere with an ongoing criminal investigation. In support of this application, the government asserts:

I. Legal Background

Microsoft is a provider of an electronic communications service, as defined in 18 U.S.C. § 2510(15). Accordingly, the government may use a court order issued under § 2703(d) to require the Provider to disclose the items described in Part II of Attachment A. See 18 U.S.C. § 2703(c)(1), (c)(2).

This Court has jurisdiction to issue the proposed Order because it is "a court of competent jurisdiction," as defined in 18 U.S.C. § 2711. See 18 U.S.C. § 2703(d).

Specifically, the Court is a "district court of the United States . . . that – has jurisdiction over the offense being investigated." 18 U.S.C. § 2711(3)(A)(i). This investigation concerns allegations of healthcare fraud by Tropicana Medical Supply, Inc., ("TMS") a Nevada corporation registered in 2003. The government's investigation is focused on whether TMS and its owners have committed and are committing healthcare fraud. See 18 USC § 1347 (Health care Fraud).

A court order under § 2703(d) "shall issue only if the governmental entity offers specific and articulable facts showing that there are reasonable grounds to believe that the contents of a wire or electronic communication, or the records or other information sought, are relevant and material to an ongoing criminal investigation." 18 U.S.C. § 2703(d). The facts set forth below establish that there are reasonable grounds to believe that the information described in Part II of Attachment A is relevant and material to an ongoing criminal investigation.

II. Conduct Under Investigation

The Department of Veterans Affairs (VA) Spina Bifida Health Care Benefits program provides monetary allowances and VA-financed health care benefits, including durable medical supplies, among other benefits, to children born to certain Korea and Vietnam veterans. M.L. is a patient suffering from spina bifida who receives benefits under the spina bifida program. M.L. suffers from incontinence and receives a prescription for durable medical equipment such as catheters, gloves, adult diapers, and wheel chairs.

Tropicana Medical Supply, Inc. ("TMS") is a durable medical supply company that provides durable medical equipment to its clients. TMS was registered as a domestic corporation in the State of Nevada in 2003. TMS bills the VA directly for the cost of the medical supplies purportedly supplied to M.L. The investigation revolves around allegations that Tropicana Medical Supply is overbilling the VA, and, as a result has obtained large sums of money from the VA to which it is not entitled. Since 2010, TMS has billed the VA more than \$6.7 million, and has been paid more than \$3.8 million, for durable medical equipment allegedly provided to M.L. For example, from April to June 2019, TMS billed the VA \$20,696.73 every two weeks for medical supplies for M.L., including 660 catheters, 300 adult disposable diapers, 300 adult protective underwear, and 40 mattress pads. The VA has determined that this is a quantity far greater than any one patient could use.

The letterhead provided by TMS in the claims submitted to the VA contains the email address TMS.INC@HOTMAIL.COM as the official email address of the business.

On December 13, 2019, a representative from the VA emailed TMS at the email address TMS.INC@HOTMAIL.COM to request a copy of a prescription for the supplies provided to M.L. in order to process a submitted claim. On December 23, 2019, Thomas Jermaine,

Manager of Operations, responded from the <u>TMS.INC@HOTMAIL.COM</u> account, providing the requested prescription.

Additionally, a review of TMS' bank records show that the primary source of income appears to be the money received from the VA. Investigators have confirmed that TMS does not have any Medicaid patients. Surveillance conducted on May 9, 2019 revealed no foot traffic to and from the business.

III. Request for Order

The facts set forth above show that there are reasonable grounds to believe that the records and other information described in Part II of Attachment A are relevant and material to an ongoing criminal investigation. 18 U.S.C. § 2703(d). The records sought will assist the investigation in multiple ways.

First, the records will show whether TMS has communicated with any other entity that might provide reimbursement for durable medical supplies, as well as whether TMS has communicated with any medical professionals or patients. The records will also potentially reveal communication to or from suppliers of durable medical equipment, which will further the investigation by allowing the Government to, in turn, seek records from those suppliers to determine the quantity of supplies being purchased by TMS and whether those quantities are consistent with the amounts being billed to the VA.

The proposed Order does not seek the content of e-mails, only non-content information such as dates and times emails were sent and to whom. Accordingly, the government requests that the Provider be directed to produce the items described in Part II of Attachment A to the proposed Order.

The government further requests that the Order require the Provider not to notify any person, including the subscribers or customers of the accounts listed in Part I of Attachment A, of the existence of the Order for a period of 120 days, beginning on the date the Order is entered. See 18 U.S.C. § 2705(b). This Court has authority under 18 U.S.C. § 2705(b) to issue "an order commanding a provider of electronic communications service or remote computing service to whom a warrant, subpoena, or court order is directed, for such period as the court deems appropriate, not to notify any other person of the existence of the warrant, subpoena, or court order." Id. In this case, such an order would be appropriate because the requested Order relates to an ongoing criminal investigation that is neither public nor known to all of the targets of the investigation, and disclosure may alert the targets to the ongoing investigation. Specifically, there is reason to believe that notification of the existence of the requested Order will seriously jeopardize the investigation, including by giving targets an opportunity to flee from prosecution, destroy or tamper with evidence, change patterns of behavior, or notify confederates. See 18 U.S.C. § 2705(b)(2), (3), (5). Some of the evidence in this investigation is stored electronically. If alerted to the investigation, the owners and employees of TMS could destroy that evidence, including information saved to their personal computers. 111

The government further requests that this application and any resulting order be sealed until further order of the Court. As explained above, these documents discuss an ongoing criminal investigation that is neither public nor known to all of the targets of the investigation. Accordingly, there is good cause to seal these documents because their premature disclosure may seriously jeopardize that investigation. Respectfully submitted this 10th day of January, 2020. ORDER

(Under Seal)

The United States has submitted an application pursuant to 18 U.S.C. § 2703(d), requesting that the Court issue an Order requiring Microsoft Corporation, an electronic service provider located in Richmond, Washington, to disclose the records and other information described in Attachment A to this Order.

The Court finds that the United States has offered specific and articulable facts showing that there are reasonable grounds to believe that the records or other information sought are relevant and material to an ongoing criminal investigation.

The Court determines that there is reason to believe that notification of the existence of this Order will seriously jeopardize the ongoing investigation, including by giving targets an opportunity to flee or continue flight from prosecution, destroy or tamper with evidence, change patterns of behavior, or notify confederates. *See* 18 U.S.C. § 2705(b)(2), (3), (5).

IT IS THEREFORE ORDERED, pursuant to 18 U.S.C. § 2703(d), that Microsoft Corporation shall, within ten days of the date of this Order, disclose to the United States the records and other information described in Attachment A to this Order;

IT IS FURTHER ORDERED under 18 U.S.C. § 2705(b) that Microsoft Corporation shall not disclose the existence of the application of the United States, or the existence of this Order of the Court, to the subscriber(s) of the account listed in Attachment A or to any

other person for 120 days from the date of this Order, unless and until otherwise authorized 1 to do so by the Court, except that Microsoft Corporation may disclose this Order to its 2 attorney for the purpose of receiving legal advice. 3 4 IT IS FURTHER ORDERED that the application and this Order are sealed until 5 otherwise ordered by the Court.
